## Agricultural Bankers Meet Pahokee Dec. 11

### Lake Region Cane Growers Will Take Part In Program

Elks Hall in Pahokee will be the site of a meeting on December 11 of some 100 Florida agricultural bankers. Jointly sponsored by the Farm Committee of the Florida Bankers Association and the Jacksonville Branch of the Federal Reserve Bank of Atlanta, the meeting is a salute to the state's rapidly expanding sugar cane industry. Rupert Mock, chairman of the FBA's Farm Committee and president of the Bank of Pahokee, will preside.

Mock said here today that "Since the imports from Cuba have been cut off completely, more than \$100 million has been invested in new mills and sugar cane plantings in the Glades area. Harvested acreage of sugar cane in Florida jumped from 49,400 acres in 1959 to 139,242 acres by fall of 1962. Total output of sugar cane in Florida, increased from 1,771,000 tons to 5,187,000 in 1962, almost equal to Louisiana's output of 5,350,000 tons that year. In recent years, the per acre yields of sugar cane in Florida have exceeded those in Louisiana by large amounts. The 1962 average in Florida was 38 tons per acre; it was 20.5 tons in Louisiana.

"The farm value of the 1963-64 Florida sugar cane crop is estimated to be in excess of \$35,000,000."

C. Ellis Clark, vice president and agricultural consultant, First National Bank of Miami, will talk on "Financing Production of Sugar Cane", following a presentation by George H. Wedgworth, president, Sugar Cane Growers Cooperative, Belle Glade, entitled "Effect of the Expansion in Sugar Cane on the Economy of Florida". A description of "The Expanding Sugar Industry of Florida" will be given by Harry T. Vaughn, president, U. S. Sugar Corporation, Clewiston.

After a summary by Dr. Arthur H. Kantner, economist with the Federal Reserve Bank of Atlanta, the bankers will tour a sugar mill in operation.

### New Doctor Comes To Glades Area

Canal Point and Pahokee will have a new doctor within the next few days, according to the Keen Real Estate office who have leased him a part of the new building recently erected immediately south of the Pure Oil Station in Canal Point.

The new doctor comes from Pompano Beach, Florida, and is Dr. Joseph E. Williams. It is thought that the building can be made ready for him by the end of next week.

Those attending the funeral of Lawrence Jaudon in Wauchula from Pahokee were M. P. Stanley, Mitchell Kirk, Leon Guthrie, Leo Maxwell and Marvin Levins.

### Seaboard Quits Service 3 Towns

TALLAHASSEE — Seaboard Airline Railroad has been authorized to curtail passenger train services to four Florida cities in an order issued by the Florida Public Utilities Commission.

Cities where the Silver Star, a crack Seaboard passenger train, has been authorized to discontinue stops are West Lake Wales, Okeechobee and Indiantown. Both Silver Star and Silver Meteor stops at Auburndale may be discontinued, the commission said.

Public Utilities Commissioners said the lack of local passenger use was a strong factor in the decision to approve the Seaboard request.

### Local Post Office Has New Hours

In order that the local post office may serve all folks who wish to use its service between now and Christmas, Mrs. Edythe Smith, postmaster, has announced that the office will be open until 5:30 p. m. on Saturday, December 14 and Saturday, December 21. ### Ray Green Will Be Honored In County On December 12

It will be "Ray Green Day" in Palm Beach County Thursday, December 12.

Florida's popular and veteran State Comptroller will climax a busy day with a special preview of the new First Bank of Jupiter. He will speak briefly there to an assembly of the county's banking leaders, then be honored by the new bank's board at a dinner at Tequesta Country Club.

Earlier in the day Green will pay a personal visit to old friends in the Palm Beach County Court House, and at noon will be principal speaker before the Riviera Beach Kiwanis Club.

Civic clubs from throughout the county are planning to have representatives at this luncheon, scheduled at Capt. Alex Restaurant.

### Beans Bring \$4.25 But Corn Is Weak

Beans brought a fair price this week and reports are that they sold from \$3.00 to \$4.25 per hamper with the supply rather short. Brokers said that the price depended entirely upon the quality of the beans.

Corn was selling the first of the week for \$2.25. Growers were hoping that the committee would get the price up a little higher for the remainder of the week.

Celery was moving slowly and the price was low.

### To Tell Of Growth

President  
United States Sugar Corp.

### Northwood Lions Visit

A large group of Northwood Lions visited the Glades area Sunday and were entertained by a picnic and barbecue at the county park on State Road 10 between Pahokee and Belle Glade.

The visiting Lions were particularly pleased with the looks of the park and the accommodations available there. The local Lions saw to it that the visitors were fed a great amount of delectable sweet corn and other fine foods grown in the Glades.

### "M" Night Meeting Is Well Attended

The Glades Area was well represented at the recent "M" night meeting held at the First Baptist Church in West Palm Beach. The Canal Point Baptist Church had twenty-one members present, followed by the Pahokee First Baptist Church with seventeen members and the First Baptist Church of Belle Glade with eight members in attendance.

The special music presented by the choir was directed by Dr. Warren Nubern. The choir consisted of members of the choirs of the churches of the Palm Lake Association.

John Sites gave the scripture reading and prayer and the group was welcomed by Max Davis. Rev. David Holt presented the award for "Speakers' elimination" and Miss Janey Bilderback for "Sword Drill." Rev. Guthrie Colvard presented a short program on promotion of the training union. The guest speaker was Dr. Allan R. Watson, formerly of West Palm Beach and now serving as pastor in Tuscaloosa, Ala. Rev. Bill Billingsly gave the benediction.

Indefatigable effort on the part of Lake Okeechobee Region cane growers has put Florida out front in sugar cane production and with that growth comes perplexing problems that need to be discussed and solved. That is the idea behind a meeting of Agricultural Bankers scheduled for Pahokee next week.

Persons long identified with the sugar cane industry will talk to the gathering and in all probability mutual problems will be brought up and their solution laid in front of everyone present at the gathering.

Lake Region personalities will have important parts on the program. Rupert Mock, president of the Bank of Pahokee with more than a quarter of a century of experience in financial problems in this area, will preside over the meeting.

Harry T. Vaughn, president of the United States Sugar Corporation with mills at Bryant and Clewiston, will represent the one organization in this area with nearly 40 years cane growing experience on Lake Okeechobee. Mr. Vaughn's talk will be centered around "The Expanding Sugar Industry in Florida."

George Wedgworth, president of Sugar Cane Growers Cooperative of Florida, operators of Glades Sugar House at Belle Glade, will talk on "Effect of the Expansion in Sugar Cane on the Economy of Florida."

The meeting is scheduled to start promptly at 12 noon, according to Rupert Mock, who will preside over the meeting and present the speakers.

### Mrs. Hunter Teaches Mission Study Book

Mrs. Hal Hunter, of West Palm Beach, is conducting a mission study course on the book entitled "Mandelbaum Gate" this week at the Canal Point Baptist Church. A turkey supper will precede the course with members of the missionary circles attending.

### BPW Club Meeting Held In Canal Point

The Pahokee Business and Professional Women's Club held their dinner meeting in the Community Building at the Glades Park in Canal Point. Mrs. Alys Okie, president, presided.

Miss Vera Harrell, girls physical education director at Pahokee High School presented the program on "Personal Development." Miss Jo Ellen Brown and Miss Jo Young gave demonstrations of exercises taught in physical education classes.

Plans were discussed for the club to again sponsor the concession project at the Indiantown Rodeo in February.

### Here Is What Transpired at the Meeting Of The Palm Beach County Commission

The Palm Beach County Commission joined America's mourning for the late President Kennedy with official adoption of a resolution in memoriam.

Prior to the start of Tuesday's meeting, the board and the commission audience observed a minute of silence in tribute to Kennedy. The board also heard that the Presidential flag which used to fly at International Airport when the president was in the Palm Beaches, had been returned to the secret service.

The memorial resolution, a copy which will go to Mrs. Kennedy stated:

Whereas, John F. Kennedy, the 35th President of the United States, met his death by assassination on Nov. 22, 1963 and members of the board desire to publicly and officially announce their utmost contempt and indignation over the cowardly, dastardly and incomprehensible act fostered by a depraved mind, and,

Whereas, the citizens of Palm Beach County have always looked forward to the visits of Mr. Kennedy and his family and have cherished and loved him as a friend and neighbor, and with all the world will mourn his untimely and unnecessary death,

this Board, by and through its individual members, and on behalf of the citizens of Palm Beach County, express deep, profound and sincere regrets over the death of our late President John Fitzgerald Kennedy, and do extend to his widow and children, his parents, and his sisters and brothers, a great feeling of loss and sympathy.

By special motion of the board, Commissioner Lake Lytal, at home

recovering from a heart attack, will also sign the memorial before it is forwarded to the Kennedy family.

### Jerry Thomas Is Heart Fund Head

State Representative Jerry Thomas, Palm Beach County, has been named chairman for the 1963-64 Heart Fund Campaign for both Palm Beach and Martin Counties.

Chairman of the Board H. Loy Anderson, and President of the Heart Association, Carl Fisher, praised Thomas for most successfully heading last year's campaign, and for his willingness to again direct this important project.

"We will make another great effort in both counties," declared Thomas, and I am sure our citizens will again respond in a generous way. He said leading women's organizations are being contacted and requested to nominate their members of Heart Sunday Chairmen.

The big campaign comes up in February.

Thomas is a director in the Heart Association, as well as the Cancer Society, and is chairman of the US Savings Bond program for Palm Beach County. He is director in the combined Chamber of Commerce, and President of the Palm Beach Lions Club.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q:** How does the new  $3\frac{3}{4}\%$  interest rate benefit me?

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{2}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q:** When did the new rate become effective?

**A:** June 1, 1959.

**Q:** Does the new rate change the Bonds I bought before June 1, 1959?

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{4}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q:** Will the Bonds I own automatically earn their new rate?

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q:** When my E Bonds mature, will they keep on earning interest?

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q:** With the new interest rate, should I cash in my old Bonds and buy new ones?

**A:** No. The automatic  $\frac{1}{4}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q:** How are series H Bonds different from series E Bonds?

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q:** In what denominations can I buy series E and series H Bonds?

**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q:** How safe are U.S. Savings Bonds?

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q:** What if my Bonds should be lost, stolen or destroyed?

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q:** Where can I buy Bonds?

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installment are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q:** How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

## Christian Science Group Of Canal Point

"God the Only Cause and Creator" is the subject of this Sunday's Bible Lesson to be read at all Christian Science church services. God's government of the universe and all mankind will be emphasized in many of the readings, including this Bible verse: "For the kingdom is the Lord's; and he is the governor among the nations" (Psalms 22:28).

A corresponding passage from the Christian Science textbook reads: "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 189).

Mr. and Mrs. Bing Deering and children returned to Akron, Ohio after a visit with her parents, Mr. and Mrs. M. C. Carter at Port Mayaca.

## Attends Wedding Of Girl Whose Life He Saved

One of the guests at the recent wedding of Miss Linda Hand to Ronald Ter Haar has a very special place in the heart of the bride and her family. Gene Johns of Ocala was the truck driver who doctors say saved Linda from possibly bleeding to death after her car hit a tree on the Palm Beach road early on the morning of May 18.

It was because of Mr. Johns' quick action that he received the award of "Truck Driver of The Month." After the wedding Mr. Johns was overheard to remark that seeing Linda walk down that aisle was the best reward he could ever receive.

Mr. Johns is employed by the General Truck Lines of Tampa. He will no doubt be a welcome guest in the home of the newlywed Ter Haars' on his very next trip.

## Cancer Society Asks Cooperation

The Palm Beach County Unit, American Cancer Society, urges those participating in the sixth year "Survey and Cancer Prevention Study" to please fill in and return the confidential cards sealed in the envelopes to the volunteer researcher or to the local American Cancer Society, as soon as possible. The deadline is growing near.

Mrs. Louise Walter of the American Legion Auxiliary, Chairman of the Survey, will appreciate anyone contacting her or the local unit of the ACS if they have any questions. The forms may be mailed.

To emphasize the importance of this Survey, the fall issue of "Cancer News" carried the following article:

"What kind of person dies of lung cancer? Smokers ask this often. There is no neat, categorical answer. Lung cancer strikes prince or pauper alike. It can topple a British monarch as swiftly as any skid row derelict. Statistical research surveys now in progress, including the ACS massive Cancer Prevention Study, are soon expected to yield more information on the question than is currently known. It was another ACS statistical survey from 1952-55

that helped clinch the fact that heavy cigarette smoking causes the disease. Roter's Fields throughout the nation are the burial grounds of many thousands of lung cancer victims. This is known from statistical sources that helped provide the data for early epidemiological studies looking into the suspected relationship of cigarette smoking and lung cancer."

## VISIT IN WEST FLORIDA

A niece of Mrs. York was also among the travelers. While in that area Mrs. Meredith and several of the group went to Tallahassee where they visited Mr. and Mrs. Arthur Larrimore and his mother, Mrs. Ida Larrimore.

Miss Betty Echols, who is a member of the faculty at Lake Worth High School, spent the Thanksgiving Holidays with her parents, Mr. and Mrs. L. D. Echols in Canal Point.
